1 Math equation

My first equation is $F = ma$. My first equation is $F = ma$. My second equation is $a = F/m$. My second equation is

$$a = F/m$$

My second equation is

$$a = F/m. \tag{1}$$

My first equation is

$$F = ma \tag{2}$$

In the Sec. 1, I will reference to the equation (1) above and then reference to the equation (2).
